

SEARCH ENGINE OPTIMIZATION
Case Study

Our Client:

This company is a medical practice that provides DOT physicals by DOT certified medical examiners. They also provide certifications for individuals looking to get into the industry.

Goal:

Drive more people to the website by ranking higher for keywords. Doing so would drive more people to the clinic for physicals and drive those looking to get certified.

Project Duration:

10 Months (Ongoing)

Problem Statement:

The client had previously used an SEO company that did not generate results. The client wanted to rank high for keywords like “respirator fit test near me”, “dot physicals albany ny”, and “acls certification albany ny”.

STRATEGY (OVERVIEW)

Our strategy consisted of five general steps, proven to generate optimal results.

01

STEP

—
We performed in-depth market research and competitor analysis.

02

STEP

—
We set up the necessary tracking codes and made sure those codes had been implemented correctly on the client's site.

03

STEP

—
We performed keyword research to determine what keywords we would target and track for the campaign.

04

STEP

—
We performed a site audit, revealing any on-page issues that required immediate attention.

05

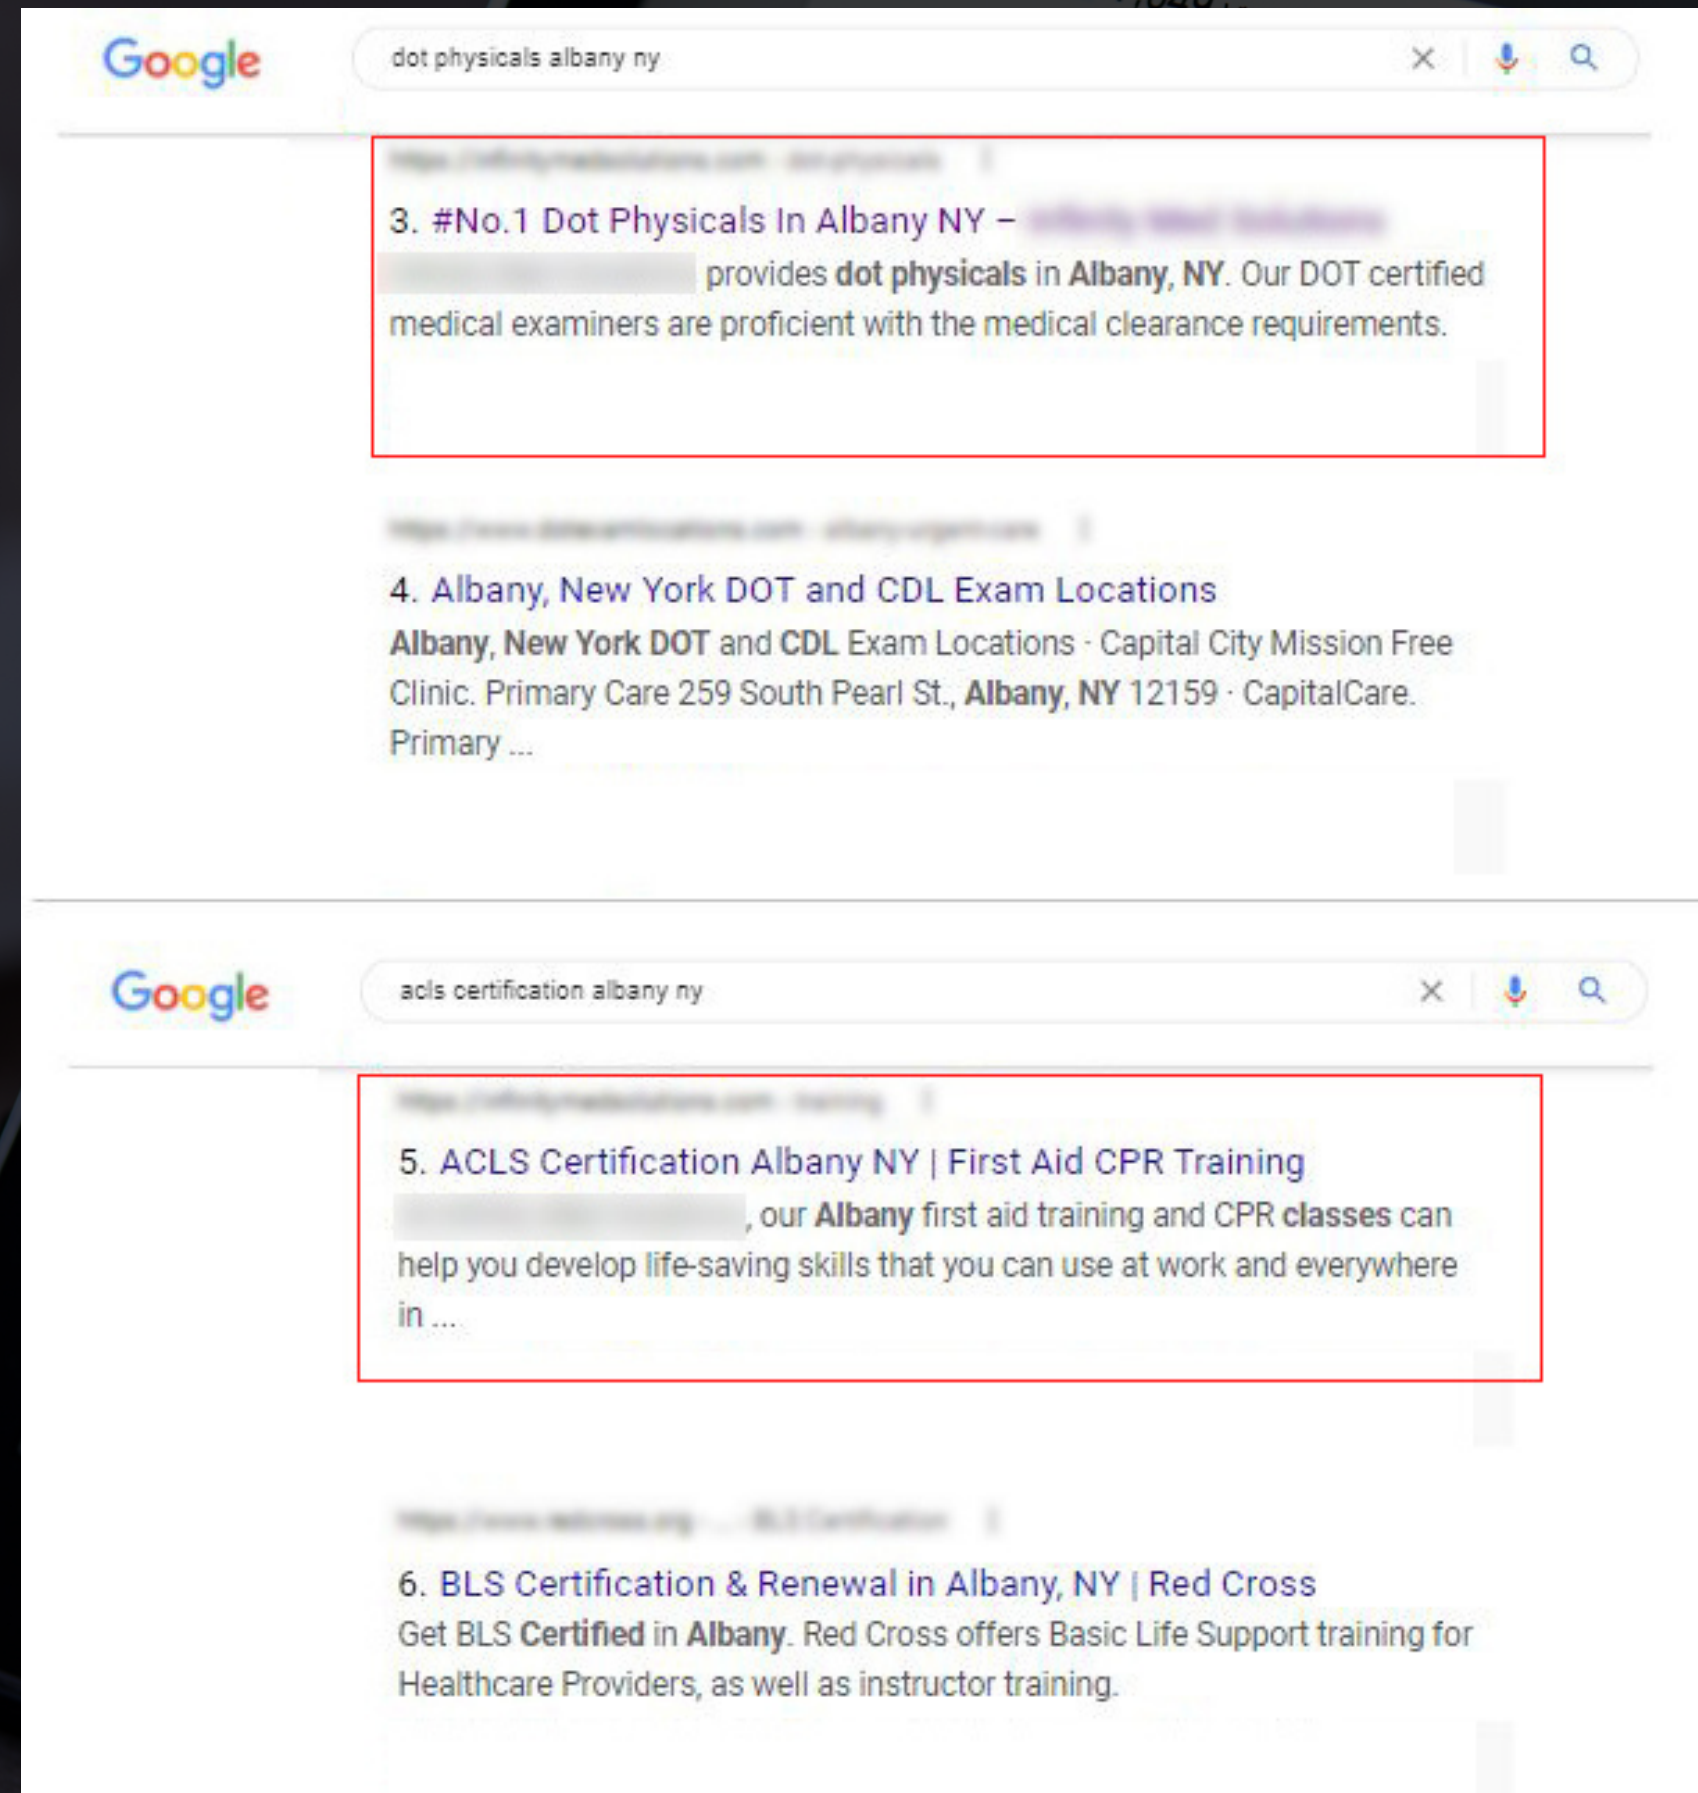

STEP

—
Our team of SEO experts continued to optimize the site to gradually increase keyword rankings, helping generate overall ROI.
